### Details

Focus On Puerto Rico / Residency

-----  
Oct.1 - Dec. 31, 2017 // Residency Duration  
Dec. 5 - 10, 2017 // Miami Art Week Events  
-----

Focus On Puerto Rico celebrates emerging, mid-career, and established Puerto Rican artists, providing a platform to garner broader access to, and understanding of Puerto Rico's contemporary social-political landscape —addressing issues facing the territory in relation to the U.S. policy and the Caribbean at-large.

Born from a longstanding relationship between Clocktower founder Alanna Heiss and the Puerto Rican arts community, this program is made possible through the shared initiatives of Clocktower, Mana Contemporary, and MECA International Art Fair.

Participating artists include:

Poncili Creación, Daniel Bejar, Ulrik López, Matotumba, Andria Morales, Elizabeth Robles, Yiyo Tirado, Rafael Vargas Bernard, and more".

-----  
MIAMI ART WEEK - Ongoing from Dec. 5-10, 2017, residents are to host a series of events showcasing projects developed over the course of the residency.

Conversations, music, and performances from Miami Art Week events will be broadcasted live on Clocktower Radio at [www.cloctower.org](http://www.cloctower.org).
